visiting the North Pole

Welcome to the OK team!

Dr Rikki Esterson, Prosthodontist, joined our practice in August. She graduated from Columbia University College of Dental Medicine in 2013 with her dental degree and then completed her specialized prosthodontic training at the Manhattan VA.

Originally from New York, where her father also practices Prosthodontics, Dr. Esterson is partial to the New York Jets. However, given she now lives in Pikesville, MD with her husband Yonah, who is a radiology fellow at Johns Hopkins University, we are hopeful it won't be too long before she becomes a raving Ravens fan too!

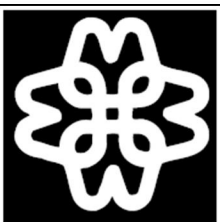

Her husband's family has a long history in the Baltimore area so she is somewhat familiar with many of the local favorites. But she is always eager to learn more about our community, so at your next visit be sure to share some of your Baltimore *must do's* with her!

When she isn't taking care of our patients, Dr. Esterson enjoys spoiling her seven nieces and nephews, trying out new recipes for her friends and family, and, of course, cheering for the New York Knicks (and Jets-*for now*).

Dr. Esterson's obvious commitment to providing quality care with compassion and empathy is the reason Drs. Ousborne and Keller specifically selected her to join our practice. In her short time with our office, she has proven herself to be an exceptional addition to our team, and it is obvious that she not only loves dentistry, but she truly cares about our patients!

Welcome to the OK family Dr. Esterson!
